I saw Doubt this weekend down in the Twin Cities. While you are more likely to see a national touring company of a Tony Award winning musical, such as The Light in the Piazza (which we will see in a couple of weeks), Tony Award winning dramas do make it out to the hinterlands from time to time. What was rare was that the cast was headed by Cherry Jones, who won her second Tony Award for originating the role of Sister Aloysius on Broadway. Usually you have to go to New York City to see the stars in the show (or maybe Los Angeles, which is where I saw Michael Crawford do Phantom), so this was a real treat. The draw might have been an award-winning actress, but by the end of the performance the star is John Patrick Shanleys Pulitzer Prize winning play.Doubt: A Parable—dramatizes issues straight from todays headlines within a world re-created with knowing detail and a judicious eye. After a stunning, sold-out production at Manhattan Theatre Club, the play has transferred to Broadway. John Patrick Shanley is the author of numerous plays, including Danny and the Deep Blue Sea, Dirty Story, Four Dogs and a Bone, Psychopathia Sexualis, Sailor's Song, Savage in Limbo, and Where's My Money?. He has written extensively for TV and film, and his credits include the teleplay for Live from Baghdad and screenplays for Congo, Alive, Five Corners, Joe Versus the Volcano (which he also directed), and Moonstruck, for which he won an Academy Award for original screenplay.

“A superb new drama written by John Patrick Shanley. It is an inspired study in moral uncertainty with the compellingly certain structure of an old-fashioned detective drama. Even as Doubt holds your conscious attention as an intelligently measured debate play, it sends off stealth charges that go deeper emotionally. One of the year’s ten best.”—Ben Brantley, The New York Times’[The] #1 show of the year. How splendid it feels to be trusted with such passionate, exquisite ambiguity unlike anything we have seen from this prolific playwright so far. Blunt yet subtle, manipulative but full of empathy for all sides, the play is set in 1964 but could not be more timely. Doubt is a lean, potent drama . . . passionate, exquisite, important, and engrossing.”—Linda Winer, Newsday.

Chosen as the best play of the year by over 10 newspapers and magazines, Doubt is set in a Bronx Catholic school in 1964, where a strong-minded woman wrestles with conscience and uncertainty as she is faced with concerns about one of her male colleagues. This new play by John Patrick Shanley—the Bronx-born-and-bred playwright and Academy Award-winning author of Moonstruck—dramatizes issues straight from today’s headlines within a world re-created with knowing detail and a judicious eye. After a stunning, sold-out production at Manhattan Theatre Club, the play has transferred to Broadway. John Patrick Shanley is the author of numerous plays, including Danny and the Deep Blue Sea, Dirty Story, Four Dogs and a Bone, Psychopathia Sexualis, Sailor’s Song, Savage in Limbo, and Where’s My Money?. I saw Doubt this weekend down in the Twin Cities. While you are more likely to see a national touring company of a Tony Award winning musical, such as The Light in the Piazza (which we will see in a couple of weeks), Tony Award winning dramas do make it out to the hinterlands from time to time. What was rare was that the cast was headed by Cherry Jones, who won her second Tony Award for originating the role of Sister Aloysius on Broadway. Usually you have to go to New York City to see the stars in the show (or maybe Los Angeles, which is where I saw Michael Crawford do Phantom), so this was a real treat. The draw might have been an award-winning actress, but by the end of the performance the star is John Patrick Shanleys Pulitzer Prize winning play. Doubt: A Parable is set in a parochial school in the Bronx in the Autumn of 1964 and begins with a horned by Father Flynn that questions the role of doubt in the modern world and sets the stage for the drama. The priest asks the audience, What do you do when you're not sure? Then Sister Aloysius, the principal of the school, has a meeting in her office with young Sister James, who is warned about being too passionate about teaching history to her students in general and in particular not to turn FDR into a secular saint. Sister Aloysius is not a sympathetic figure, especially given that our introduction to the nun is to watch her crush the joy of teaching out of a young teacher. However, then she makes Sister James aware that she has concerns for a new student, Donald Mueller, the schools first black child. Her concern is not because of the boys race, but because she suspects Flynn has been interfering with the boy. Distance makes it difficult to remember the times, but an undercurrent of the play is how Sister Aloysius is strictly old school while Father Flynn has embraced the directives of the Second Vatican Council to make the clergy more accessible to their parish and become like members of their family. Shanley does not get into deep theological issues but finds a telling point of contention in Sister Aloysius dismissal of the song Frosty the Snowman as an example of paganism.

Yet despite our lack of agreement with her strict conservatism, it is impossible not to be concerned about Sister Aloysius suspicions regarding the charismatic young priest who likes his fingernails to be slightly long. I have a background in competitive debate so one of the things I appreciated in Shanleys drama is how he balances the two sides to create the requisite titular state. When I was dissecting the play with my wife on the way home from the theater I discovered that while I (male Italian raised Lutheran) was looking at the play from the assumption of the priests innocence, she (female Irish raised Catholic) was assuming he was guilty. Of course the play works both ways, but certainly there have been more than enough headlines about stories of abuse in the Catholic Church in the past decade to make it easier for the plays audience to jump to the same conclusion as Sister Aloysius. Coming to a decision as to the truth of what happened between Father Flynn and the young boy is a question of when you decide to place your bet on who to believe. Sister Aloysius begins the play with her suspicions and moves towards certainty on her own timetable. Sister James serves as a warning not to decide too early, but Shanley clearly wants us to come to our own decisions before the dramas resolution. Waiting until you are sure is to repeat Hamlets tragic error, which is not to say that Sister Aloysius is the Danes opposite because she is not guilty of the proverbial rush to judgment. The term reasonable doubt is never used in the play, but it certainly comes into play as the nun commits to certainty in advance of having absolute proof, mainly because being denied such proof cannot, in her mind at least, preclude action. Sister Aloysius wants to know what really happened between Father Flynn and Donald, even if the boys mother is willing to turn a blind eye. For me the point at which Sister Aloysius becomes heroic is when Father Flynn threatens her for her refusal to follow Church protocols. He seeks to convince her that she has no choice, because failure to obey would basically send her to Hell for disobedience. But she sees herself in the same danger if she fails to do what she can to save one of her children, and in her decision to damn herself for the right reason and his decision to coerce rather than persuade is where my doubts were erased. For me the most delicious irony is the way Sister Aloysius crucial phone call mirrors Father Flynns point earlier in the play about the value of true stories. The final line of the play is also dripping with irony in a very conscious effort by Shanley to leave his audience exactly as he wants them to be.
Doubt: A Parable

Parable Doubt: A But Gesualdo falls foul of the rigid class structure of mid-19th century Sicily. With the fate of this seemingly ordinary housewife in his hands, Yusuf discovers that, like Afghanistan itself, his client may not be at all what he imagines. The Book of Five Rings) is the definitive book Parable Samurai Philosophy by the archetype of The Wandering Samurai himself, Miyamoto Musashi. "Killer on Parade Road" has made me question my assumption that non-fiction is a dry and musty world. I have to wonder how many unstable readers have taken their own lives after her short stories. However, before you doubt: a drone, or fly a drone, or photograph or film from a drone, do more research. "I read On A Sales Call last night.
